At the White House in Washington DC on the Politics, Economics and RS trip to New York and Washington DC  
October 2018

## Why study Politics?

The Politics Department was established in 2000. It is always a popular subject with a very high proportion of the students going on to study Politics at university. The aim of this booklet is to introduce you to the subject, provide an outline of the course and ensure that, if you opt for it, you will be aware of what you will be expecting in Years 12 and 13.

From Mr Mike Gallacher (Head of Politics) and Mr Rob Packard

For those students interested in current affairs and changing international relations, Politics is a fascinating course to study. It deals with a range of topical subjects from pressure groups to political parties and from US Politics to political ideologies. As a subject it goes particularly well with studying Economics, History, Geography, Religious Studies and Psychology, though students tend to study it with almost every conceivable combination of subjects in the Sixth Form.

Recent Politics students have gone on to study Politics at university but also to study International Relations, Economics, Sociology, Law, Art Foundation, Philosophy and Development Studies. A good knowledge and understanding of political concepts and recent events is highly regarded by both the professions and the universities and therefore the study of Politics will be extremely useful. It does also give students an awareness of Politics that will be important as they become eligible to vote.

## What general skills will I learn on the course?

The general skills you will learn from the course include:

- The ability to construct a logical argument.
- The ability to communicate both orally and in writing in a fluent and coherent manner.
- The ability to apply evidence from current political events in the support of theoretical interpretation.
- The capacity for sustained, relevant analysis in written answers.

## What kind of student does this course suit?

This course will be of interest to you if:

- You enjoy debating politics and current affairs in general.
- You have an interest in the world around you.
- You enjoy reading quality newspapers or watching the news.
- You like doing a subject that affects your everyday life.
- You like doing a subject that offers the opportunity to progress to a career in politics or a related area.
- You want the chance to study a new subject. Politics gives you that opportunity, though you should be clear what you are undertaking.

## What is studied?

In Years 12 and 13, students will study the following:

- Government of the UK to include: the Prime Minister and Cabinet, Parliament, the UK Supreme Court and the UK constitution.
- Political participation in the UK to include: democracy and participation, elections and voting and political parties.
- Political ideas to include: Liberalism, Conservatism, Socialism and one other, from your choice of Multiculturalism, Feminism, Nationalism, Ecologism or Anarchism.
- Comparative government and politics of the USA to include: the US Constitution, Congress, the President, the Supreme Court, Democracy and participation and civil rights.

## Resources

There are many sources of information available to you during the course. This includes textbooks:

### Textbooks

- UK Government and Politics for AS/A Level.
- Political Ideas.
- US Government and Politics.
- Edexcel AS/A Level Politics.

The library is very well-stocked with up-to-date British and US books. It also contains back issues of Politics Review. Students can also subscribe to four current editions of this excellent A Level Politics journal for a price of about £15 per year.

Students are encouraged to subscribe to the Washington Post, which is useful for American Politics.

There is a huge amount of material on the internet and the following websites may be useful:

This will also include planned Economics and Psychology related-visits to: Meet the Finance Professional, the World Bank, Hershey's Chocolate World, a lecture on terrorism, a Psychology lecture and Arlington Cemetery. We also plan to see a Broadway show, a boat cruise around Manhattan and have time for sightseeing and shopping.

### Economics, Psychology and Politics trip to Prague: October 2023 to be confirmed

This trip is for current Years 8, 9, 10 and 11. It is desirable, but not essential that the students are or are planning to study Politics, Psychology and/or Economics. This trip should include Politics-related visits to the following:

<b>Czech Parliament</b>	Prague
<b>Museum of Communism</b>	Prague
<b>Cold War Museum</b>	Prague

This will also include planned Economics and Psychology visits to the Skoda car plant, an Economics lecture, Czech invest, a glass factory, a 5-star hotel, Terezin concentration camp and the Lidice Memorial. We also plan to have a river cruise and dinner, a mystery activity, a day trip to Karlovy Vary and attend an ice hockey game.

## Politics in school

Students regularly participate in Mock Elections on Open Evening (which has become a high-profile feature of the night). They have also organised a superb student-led and run conference on Women in Politics which included three prominent politicians. This year, they have organised a US Foreign Policy conference which featured many leading academics. Students have entered essay competitions organised by the UK Supreme Court after a highly enjoyable visit to the UK Supreme Court and visit to the House of Commons.

### Quotes from former students

*"Thank you for all of your inspirational teaching in Politics. Before coming to study it I hardly knew anything but now even my parents ask me over political matters."*
